attention, and found the skin resembling coarse hard leather, under which, on making pressure, might be perceived the vacancies left by the drying-up or evaporation of the fluid parts.

CHARLESTON: MONDAY MORNING, JULY 11, 1825. Our regular files of English papers have been received by the Mary Catharine.

The following taken from the Savannah Georgian of the 9th inst. is furnished by the pilot boat Schooner Savannah, in 80 hours from Matanzas.

The U. S. frigate Constellation, arrived at Matanzas on the 2d inst. from Key- West and a cruise. The U. S. Galliot Sea-Gull and schr. Torrier, were also in port.

Upon the subject of the Virginia crops, the last Richmond Enquirer says: The injury to the crops of wheat, below the head of the water, in Virginia by the rust, turns out to be fully as great as was apprehended by the farmers before harvest.

In our paper of the 25th May last, we noticed the scarcity of Corn in this town. We were just now informed by one of our most respectable subscribers, that there was not a bushel of good Corn in market...

From Buenos Ayres.—A passenger on board the ship Ibernia, arrived last night from Buenos Ayres, states, that Gen. Lavalleja raised troops in Banda Oriental to the amount of 2000, and had been joined by Frutes Rivera, who had deserted from the Brazilian army.

Singular property of Lead.—The following curious article, is extracted from a volume of travels in Russia and Sweden, by Mr. Holman, the blood traveller, and just published in London: "I went over the celebrated White-Cellar, and the Lead Cell, so called on account of the lead used for the Cathedral having formerly been placed in it."

Another Marriage of an Indian with a White Girl contemplated.—Our readers will recollect, that about a year ago, a marriage took place between an Indian Chief, who had attended the Foreign Missionary School at Cornwall, and a white girl.

MIDDLETOWN, (Conn.) June 29. Another Marriage of an Indian with a White Girl contemplated.—Our readers will recollect, that about a year ago, a marriage took place between an Indian Chief, who had attended the Foreign Missionary School at Cornwall, and a white girl.

terms of decided disapprobation. The Agents of the School, at the head of whom is the Rev. Dr. Beecher, of Litchfield, have published a report, under date of the 17th inst. in which they state, that a negotiation for a marriage has been carried on for some time past between Elias Boudinot, a young Cherokee, and Harriet R. Gold, of the village of Cornwall, and that there is now a settled engagement between the parties.

QUEBEC, June 20. A Meteor was observed yesterday evening a little before nine o'clock in the North Eastern part of the heavens, by a person at a short distance from Quebec. The air was serene and the sky cloudless; the night previous had been remarkable for very loud thunder, and a heavy shower of rain accompanied by a violent gust of West wind.
